

X100VI

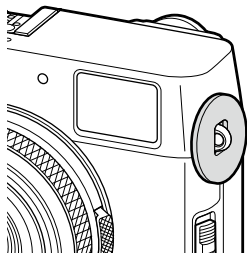

Limited Edition

For the X100VI Limited Edition, the list of supplied accessories in the Basic Manual (📖 viii) is as follows:

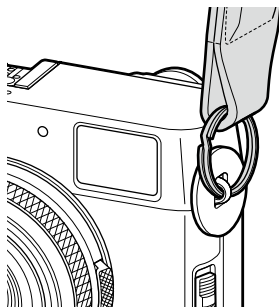

- NP-W126S rechargeable battery
- USB cable (approx. 0.6 m/2 ft.)
- Lens cap (comes attached to camera)
- Protective covers (× 2)
- Shoulder strap
- Hot shoe cover
- Soft release shutter button

Attaching the Strap

- 1 Attach the protective cover to the camera.

- 2 Attach the strap clip to the strap eyelet.

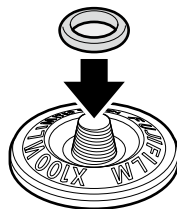

Repeat the above steps for the second eyelet.

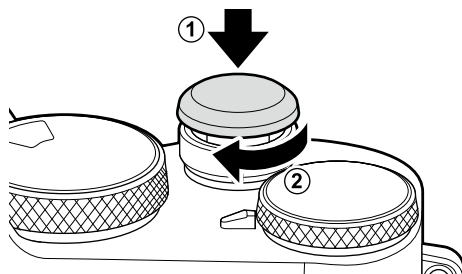

Attaching the Soft Release Shutter Button

- 1 Fix the bundled rubber ring into the concave part around the screw of the soft release shutter button.

 The rubber ring may have been installed.

- 2 Attach the screw of the soft release shutter button to the shutter button screw hole (1), and turn it clockwise while pressing lightly to secure it (2).

 **WARNING**

Choking Hazard—Children may swallow small parts like the soft release shutter button. Keep them out of reach of children.
